Buenos Aires, Argentina

My name is Tomás. I am 23 years old and currently I am studying system engineering at the UTN in 4th year. Additionally, I complement my training with online courses and learning on my own.

I consider myself responsible, with the ability to work in a team and/or individually, proactive, predisposed to new challenges and knowledge. My knowledge in the area includes both Back-end and front-end.

I am looking for my first work experience to apply my knowledge and grow professionally.

Skills

Front-end

Trained with courses and in a self-taught way for responsive web development with the use of various technologies.

Back-end

Knowledge of different programming paradigms, design patterns and databases.

Languages

Spanish. Native.
English. First Certificate
Exam - B2.

Technologies

HTML5

npm

Spark

CSS3 / SASS

Bootstrap

SQL / Transact SQL

Javascript

Java 8

Git

ReactJS

Maven

C/C++

Education

Universidad Tecnológica Nacional
System Engineering

2018 - Present

Currently in my 4th year with a total of 26/43 subjects approved and 4 pending finals.

CoderHouse

2022

Front-end development in ReactJS

Web development. [Final project](#)

Javascript. [Final project](#)

ReactJS. [Final project](#)

Courses of 34 hours each, with a final grade of 9, 8 and 10 respectively.

Cultural Inglesa de Villa del Parque
English

2006 - 2017

Certificate in English.

First Certificate exam - dec 2017 - approved 168/190 - B2.

Instituto San José de Villa del Parque
High school degree

2013 - 2017

Experiencie

Volunteer, Family Business

2015 - 2016

December 2015 - March 2016. Carried out operational task in a graphic printing company.

Hobbies

In my free time I like to learn about new technologies I don not know, improve my front-end skills and investigate tools and YouTube channels that can help me.

I am also a fan of video games, series and spending time with my cats.
